DESCRIPTION

Structure

What distinguishes the Snake planter is the sinuosity of its shape, characteristic of the snake. Square-shaped trunk, made of shaped panels of galvanized sheet metal, equipped with an upper ring made of a square-section galvanized steel profile. The trunk is characterized by stylised decorative shapes, obtained by laser cutting and made of 2 mm thick galvanized sheet metal.

The planter is equipped with an internal tank made of galvanized sheet metal.

Overall weight: 68Kg

COLOR FINISH AS PROVIDED IN THE CATALOG

RAL 8012
(Decorative panels)

RAL 1015
(Basket)

Customers can request a different finish from the RAL color options available on our website.

ANTICORROSIVE TREATMENTS AND FINISHES

Washing

Spray treatment for removing oil and grease from metal surfaces using special degreasing liquids. Subsequent drying in dryer for 15 minutes.

Sandblasting

Manual sandblasting process with river sand, which increases the porosity of metal surfaces and thus the adhesion of thermosetting powders.

Anti-corrosive application

First painting cycle with an anticorrosive thermosetting powder primer based on epoxy resins and special pigments. It provides adequate protection against weathering.

Anticorrosive polymerization

Baking in an industrial curing oven at a temperature of 180°C. During this stage, the powder turns into a uniform, smooth and durable coating.

Colored finish application

Final coating cycle with thermosetting powders. Application follows the same principles as the anticorrosive.

Polymerization colored finish

Final baking in an industrial curing oven at a temperature of 180°C. The procedure follows the same principles as the curing of the anticorrosive. The powder is transformed into a uniform coating, and the surface appearance takes on the characteristics of the chosen color type, e.g. smooth, textured, wrinkled, etc.

DELIVERY

Product supplied already assembled with steel hardware and instructions for ground fixing.

FIXING

The product does not require anchoring to the ground.
